NOISY CAT

STAY AWAY! I STRIKE BACK WITHOUT MERCY.

Discover the Noisy Cat Bike Lock Series – the perfect solution for bikers who prioritize top-notch security and reliability.

Each lock in our series is constructed using robust stainless steel, ensuring its ability to withstand tampering attempts. We have equipped our locks with a powerful 120-decibel alarm, providing an auto-activation feature that serves as an instant alert, effectively deterring potential thieves. Rain or shine, our locks are up to the challenge. With IP67 waterproof certification, they are built to withstand water, sand, and dust. Whether you're riding through a downpour or under the scorching sun, your Noisy Cat lock will continue to provide reliable protection.

Elevate your security experience with the Noisy Cat Bike Lock Series.
